Back to School!

Here are a few fun photos from last week:

This Week -

We had an awesome first week. As we begin full days of school, we'll be sorting out reading levels, adding in Bible, social studies, library, computer, and daily language. We'll be working on learning problem solving strategies this week and will begin science next week.

Kindness Starts Here

We're taking time at the beginning of our year to learn more about showing kindness and respect to others, ourselves, and our school. We'll practice appropriate ways to solve small problems that come up so we can all know how to get along and have a great school year.

Pancakes!

To celebrate being back to school, we're having a pancake breakfast on Thursday morning. If you didn't get to sign up to help or to send in a topping, it's not too late! Just send a text and find out what is still needed. We'll begin making the pancakes at 7:30. Kids can come in at 7:45 and start eating!

Memory Verse

In Bible we'll learn how to look up Bible verses and will study about where the Bible came from. Our memory verse is: "All scripture is God breathed and is useful for teaching." 2 Timothy 3:16

Calendar

- Sept. 5—Labor Day, No School
- Sept. 6—Professional Development, No School
- Sept. 7—Everett and Tate's birthdays
