

Mrs. Wessman's Class

Volume 21, Issue 3

September 12, 2022

Our Class Photo!

Last Wednesday was the first day we were all at school together. We took our official class photo that morning and here it is!

What an awesome class!

This Week -

We're preparing for Jogathon! Be sure to get your child signed up on Pledge Star soon. We're hoping to meet our class goal in the next couple weeks. Thanks for helping us with this project.

Memory Verse

Our memory verse this week is: How great is the love the Father has lavished on us, that we should be called children of God!
1 John 3:1

Let's Learn About the Desert

Our first science unit this year is about the desert. We'll be having an introduction to the desert this week, and then will move on to learning about desert locations, climates, wildlife, and landforms. If you have special knowledge about the desert, we'd like to hear from you!

Salmon in the Classroom

In addition to our regular science curriculum, our class has monthly lessons learning about salmon, their lifecycles, habitats, and much more. We'll be getting salmon eggs in the salmon tank soon, and our class will be very involved with the salmon development.

Calendar
