

Hello Parent,

We miss our students already. Thank you for your patience as we to are learning how to supply services to your students in this “homeschool” learning mode we are in. For the math classes that Mrs. Berseth teaches, you will find the weeks lessons plans here on my site as well as in the packets you pick up every Sunday here at the school. We will keep you informed of any changes as soon as we get them. Please feel free to contact me with question or concerns. I will be available at the school on Wednesdays by appointment **ONLY** to help students on a 1:1 basis. Please make sure you notify me ahead!

I will also be posting many supplemental websites that are great for SPED kids and learning.

Please let me know how I can help you or your student. Stay safe and please don't hesitate to contact me.

Sincerely,

Stephanie Anderson
